

CLI::App::validate
_positionals

```
graph LR; A[CLI::App::validate_positionals] --> B[validate]
```

A diagram illustrating a mapping between a CLI library method and a user-defined function. On the left, a gray rectangular box contains the text 'CLI::App::validate_positionals'. A blue arrow points from the right side of this box to a white rectangular box on the right, which contains the text 'validate'. Both boxes have a thin black border.
