

BOOST_AUTO_TEST_CASE

fc::message_buffer
::read

```
graph LR; A[BOOST_AUTO_TEST_CASE] --> B[fc::message_buffer::read]; B --> B;
```

The diagram illustrates a function call. A white rectangular box on the left contains the text 'BOOST_AUTO_TEST_CASE'. A solid blue arrow points from the right side of this box to a gray rectangular box on the right. The gray box contains the text 'fc::message_buffer' on the top line and '::read' on the bottom line. A curved blue arrow originates from the top of the gray box and points back to the top of the same box, representing a self-call or a loop.
