

GenericMemoryBuffer::Put

```
graph LR; A[GenericMemoryBuffer::Put] --> B[GenericMemoryBuffer::Push]; B --> B;
```

The diagram illustrates a sequence of operations. On the left, a white rectangular box with a black border contains the text 'GenericMemoryBuffer::Put'. A straight blue arrow points from the right side of this box to the left side of a second box on the right. This second box is gray with a black border and contains the text 'GenericMemoryBuffer::Push' on two lines. A curved blue arrow originates from the top of the gray box and points back to its top, indicating a self-loop or a return path.
