

fc::variant::get\_object

```
graph LR; A[fc::variant::get_object] --> B[fc::variant::get_type]
```

A diagram showing a call from the `get_object` function to the `get_type` function. The `get_object` function is represented by a gray box on the left, and the `get_type` function is represented by a white box on the right. A blue arrow points from the `get_object` box to the `get_type` box.

fc::variant::get\_type
