

sysiosystem::system  
\_contract::claimrewards

sysiosystem::system  
\_contract::init

sysio::token::get\_supply

```
graph LR; A["sysiosystem::system_contract::claimrewards"] --> C["sysio::token::get_supply"]; B["sysiosystem::system_contract::init"] --> C;
```

The diagram illustrates a dependency or call relationship. Two source functions, 'sysiosystem::system\_contract::claimrewards' and 'sysiosystem::system\_contract::init', are shown in white boxes on the left. Blue arrows point from each of these boxes to a single target function, 'sysio::token::get\_supply', which is shown in a gray box on the right.
