

f64_eq

```
graph LR; f64_eq[f64_eq] --> softfloat_raiseFlags[softfloat_raiseFlags]
```

A diagram showing a callout from the `f64_eq` block to the `softfloat_raiseFlags` block. A blue arrow points from the right side of the `f64_eq` block to the left side of the `softfloat_raiseFlags` block.

softfloat_raiseFlags
