

CLI::App::add_complex

CLI::App::add_option

CLI::detail::checked
_to_string

```
graph LR; A[CLI::App::add_complex] --> C[CLI::detail::checked_to_string]; B[CLI::App::add_option] --> C;
```

The diagram illustrates a dependency or call relationship. Two source functions, CLI::App::add_complex and CLI::App::add_option, are shown on the left. Both have blue arrows pointing to a single target function, CLI::detail::checked_to_string, which is located on the right. The target function is highlighted with a gray background, while the source functions have white backgrounds.
