

base::transport_config

```
graph BT; A[debug_custom::transport_config] --> B[base::transport_config]
```

The diagram illustrates a relationship between two classes. At the bottom is a gray rectangular box containing the text 'debug_custom::transport_config'. A blue arrow points vertically upwards from the top center of this box to the bottom center of a white rectangular box at the top. The white box contains the text 'base::transport_config'. This visualizes that 'debug_custom::transport_config' inherits from or is derived from 'base::transport_config'.

debug_custom::transport
_config
