

fc::create\_zipkin\_variant

```
graph LR; A[fc::create_zipkin_variant] --> B[fc::to_hex]; B --> B;
```

The diagram consists of two rectangular boxes. The left box is gray and contains the text 'fc::create\_zipkin\_variant'. A straight blue arrow points from the right side of this box to the left side of a white box on the right. The white box contains the text 'fc::to\_hex'. A curved blue arrow starts from the top of the white box and points back to the top of the same box, indicating a self-loop.

fc::to\_hex
