

cpp.ast.Typedef.__str__

cpp.ast.Typedef.Requires

CLI::App::alias

```
graph LR; A[cpp.ast.Typedef.__str__] --> C[CLI::App::alias]; B[cpp.ast.Typedef.Requires] --> C;
```

The diagram illustrates a mapping from two source nodes to a single target node. On the left, there are two white rectangular boxes with black borders. The top box contains the text 'cpp.ast.Typedef.__str__' and the bottom box contains 'cpp.ast.Typedef.Requires'. Two blue arrows originate from the right side of these boxes and point towards a single gray rectangular box on the right. The gray box contains the text 'CLI::App::alias'.
