

internal::Schema::EndObject

```
graph LR; A[internal::Schema::EndObject] --> B[internal::ISchemaValidator::IsValid];
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'internal::Schema::EndObject'. The right box is gray with a black border and contains the text 'internal::ISchemaValidator::IsValid' on two lines. A blue arrow points from the right side of the left box to the left side of the right box.

internal::ISchemaValidator
::IsValid
